

2008-2009 Skips Choice Team Entry Form

We will make all efforts to guarantee returning teams a spot in next years Skips Choice League. For returning teams this form is primarily for information purposes so the committee knows how many returning teams we have. A returning team is made up of either the skip plus one other player OR three other players from the same team where there the skip does not return.

Note: In the event that a 5 person team breaks out into 2 teams the skip will be given first rights and the remaining three players will be listed as a new team.

This form is also to request a spot in next year's league. New teams cannot be guaranteed spots until the returning teams are confirmed by the league convener (this usually happens between mid-August and Mid September.)

New Teams are added to the league based on:

- 1) Where there are three players from the same team, excluding the skip, and the skip also enters a returning team, then
- 2) Number of returning Monday Night players from the prior year, then
- 3) Number of returning OCC players from the prior year, then
- 4) The date that the application to enter a new team has been submitted to either the office or the Monday Night Convener. Applications are not carried over from one year to the next.
